

282 Transfer Cart for 2½" to 4" Hydraulic Bender Shoes, Follow Bars and Saddles

- Easy mobility of 2½" thru 4" shoe groups — shoes, follow bars, and saddles
- Reduced lifting of heavy components lessens fatigue and chance of injury
- Ability to adjust table height to match bending table
- Component locations clearly marked for easy identification
- Extra storage tray on the bottom of the cart
- For use with model #254 hydraulic bender shoe group components (shoe, follow bar, saddle). Greenlee® Model #881 CamTrack® shoe components will fit as well

Patent Pending

SPECIFICATIONS

- Weight — 320 lbs.
- Length — 87"
