

- **Build a rack up to 10' in length** with user-supplied 2" rigid conduit
- Add **additional upright assemblies to expand the rack** and meet specific job requirements
- **Max capacity: 1,000 lbs** – handles heavy loads with confidence
- **Large 6" swivel locking casters** included for smooth mobility and secure parking on uneven surfaces
- Arms formed from **heavy-duty one-piece construction** for maximum strength and durability
- Designed specifically for easy movement of conduit or pipe on the jobsite – **saves labor and speeds setup**
- **Rugged, no-nonsense construction** meant to withstand daily contractor use
- **Made in the USA** – manufactured to high quality standards
- Patent Pending
